

Non Acidic Wheel Cleaner

Description

Non acidic wheel cleaner is a heavy duty cleaner. Our foaming formulation ensures that deep cleaning is assured. Removes stubborn brake dust and grime. Also suitable for removing copolymer wax residues.

Directions

Ensure wheel is cold prior to use. If warm then wet with cold water. Dilute with up to 4 parts water depending on the cleaning requirement. For baked on dirt use neat. Apply by spray, brush or sponge. Allow to dwell for a few minutes then agitate with a brush. Rinse away with water. Do not allow product to dry on to the wheels as staining may result. To confirm suitability of a particular surface for cleaning, test a small, hidden area before use. Please refer to product safety data sheet before use. Use only as directed.

Health & Safety

Classification

IRRITANT
